C.D.A College offers a variety of programs of study to cover vocational and academic needs of the market and help prosper students achieve their dream and goals. Using innovative academic methodologies and techniques we are committed to contributing to the highest level of education.

C.D.A. College is dedicated to the provision of high-quality, cost-effective education and training, in the areas of Business Studies, Travel and Tourism Industry, Information & Communication Technology, Secretarial Studies, Police Management, Beauty Therapy, Hairdressing, Casino Management and Fashion Design.

The mission and goals of the College derive from the following statements:

Access C.D.A. College offers graduate and undergraduate programs addressing issues of particular importance to people. Our curricula, teaching methodologies, our financial and academic support services address the needs of students who come to the College from varied social, cultural and ethnic background.

Excellence C.D.A. College addresses the intellectual and professional needs of individual students through classes and other educational experiences. Students benefit from rigorous, specially tailored approaches to fostering gains in abilities and understanding.

Quality of Life C.D.A. College supports cultural diversity by helping ethnic and international communities to articulate and celebrate their cultural values and identities, and by recognizing the contributions and achievements of members of these communities.

Our Objectives:

- To provide students a stimulating learning environment.
- To provide students with the necessary skills to enable them to hold responsible and challenging posts in the society.
- To provide theoretical and practical training for future employment.
- To provide to students' opportunities for employment.

Through its broad range of programs, the College provides students from Cyprus and around the world with the depth of understanding and intellectual flexibility they need to respond to the challenges they will face in the years to come.

The College aims to strengthen its contribution to the national provision of higher education. It intends to build upon links with industry and to meet the need for specific higher education for the local and international community. C.D.A. intends to remain a college, which is responsive to changing environmental, vocational and technological factors. Its management will spare no effort to sustain and develop in the future, a climate receptive to this attainment.

The total activity of the College will be directed towards providing a stimulating learning environment for students. The staff will be encouraged to explore new ideas in teaching, learning and to pursue educational initiatives compatible with the College ethos and stated principles.

The College recognizes the role which Erasmus and other EU programs have played in the development of the College's international outlook. Therefore, C.D.A. College encourages its staff and students to actively participate in Erasmus Programs by engaging in the exchange of good practices, advancing in research projects and contributing to the internationalization and modernization of education.

Throughout the years, C.D.A. College has developed and implemented several Erasmus+ projects for the continuous professional development of the academic and administration staff, the enrichment of learners' knowledge and skills in their academic field, as well as the exchange of good practices between partner countries.
