BACKGROUND & EXPERIENCE

Please briefly present the organization.

C.D.A. College is one of the oldest private Colleges in Cyprus with a long tradition in Tertiary education since 1976. C.D.A College offers a variety of programs of study to cover vocational and academic needs of the market and help prosper students achieve their dream and goals. Using innovative academic methodologies and techniques we are committed to contributing to the highest level of education.

The mission and goals of the College derive from the following statements:

Access C.D.A. College offers graduate and undergraduate programs addressing issues of particular importance to people. Our curricula, teaching methodologies, our financial and academic support services address the needs of students who come to the College from varied social, cultural and ethnic background.

Excellence C.D.A. College addresses the intellectual and professional needs of individual students through classes and other educational experiences. Students benefit from rigorous, specially tailored approaches to fostering gains in abilities and understanding.

Quality of Life C.D.A. College supports cultural diversity by helping ethnic and international communities to articulate and celebrate their cultural values and identities, and by recognizing the contributions and achievements of members of these communities.

Objectives

- To provide students a stimulating learning environment.
- To provide students with the necessary skills to enable them to hold responsible and challenging posts in the society.
- To provide theoretical and practical training for future employment.
- To provide to students' opportunities for employment.

Through its broad range of programs, the College provides students from Cyprus and around the world with the depth of understanding and intellectual flexibility they need to respond to the challenges they will face in the years to come. The College aims to strengthen its contribution to the national provision of higher education. It intends to build upon links with industry and to meet the need for specific higher education for the local and international community. C.D.A. intends to remain a college, which is responsive to changing environmental, vocational and technological factors.
